-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --
Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 1 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1 and 2, drawn to a chemical diffuser with a special technical feature (arrangement of a blower attaching recess provided in the body of a fan chemical emitter and a battery accommodation recess).

Group II, claim(s) 3-10, 36, 37, drawn to a chemical diffuser with a special technical feature (shape of the discharge port of a fan chemical emitter).

Group III, claim(s) 11-15, drawn to a chemical diffuser with a special technical feature (the power supply body of a fan chemical emitter separate from the emitter body).

Group IV, claim(s) 16-20, drawn to a chemical cartridge with a special technical feature (a space section between a holding section holding a chemical impregnated body).

Group V, claim(s) 21-23, drawn to a chemical cartridge with a special technical feature (a chemical cartridge having a liquid holding recess formed in a holding container holding a chemical impregnated body).

Group VI, claim(s) 24 and 25, drawn to a chemical cartridge with a special technical feature (a chemical impregnated body which partly uses a support having a part with high liquid absorbency).

Group VII, claim(s) 26-31, to a chemical cartridge with a special technical feature (a chemical impregnated body using a pleated sheet-shaped member formed by alternately repeating a mountain fold and a valley fold of a sheet with a predetermined width may times).

Group VIII, claim(s) 32-35, drawn to a chemical cartridge with a special technical feature (a honeycomb body and a sheet body).

2. The inventions listed as Groups I-VIII do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: the groups are not acknowledged to form a group of inventions so linked as to form a single general inventive concept.

3. Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the requirement may be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to ELIZABETH L. MCKANE whose telephone number is

(571)272-1275. The examiner can normally be reached on Mon-Fri; 5:30 a.m. - 2:00 p.m..
